

Ioncell Newsletter Privacy Policy

Privacy policy in accordance with § 10 of the Personal Data Act (523/1999).

1. Data controller

Ioncell

Aalto University
Espoo, 02150
Finland

tel. +358 50 567 5574

2. Matters concerning the register

Our Data Protection Officer Sanna Hellstén will respond to queries and feedback concerning the register within two business days or as soon as possible.

3. Name of the register

Ioncell Newsletter Register

4. The purpose of processing personal data

The purpose of processing personal data is to convey information about Ioncell's activities. Ioncell sends information about its latest news and events to the persons in the register in the form of a newsletter.

5. The data content of the register

The register contains the following information about the persons in it:

- Email address

6. Regular data sources of the register

The register can be joined through Ioncell's website or Twitter account. The data in the register is maintained through manual updating.

7. Regular disclosure of personal data

The data controller shall not disclose the personal data of data subjects to third parties, unless required to do so by Finnish authorities.

8. Data retention

The data is retained for the time being.

9. Deleting data

The data will be deleted at the request of the data subject or when the controller so decides.

10. Principles of register protection

Personal data is kept confidential. The network and hardware where the register is located are protected by the necessary technical measures.

11. Right of prohibition

The data subject has the right to prohibit the sending of the newsletter.
